SAFETY DATA SHEET

April 2013

1. Identification of the material and supplier

Names

Product name : **CTI Modacryl Concrete Sealer**
ADG :

Supplier

Supplier : Concrete Tool Importers Ltd
76 A Oxford Street
Richmond
Nelson

Telephone : 03 544 6943
Fax No : 03 544 6940
Poisons Centre : 0800 764 766
After Hours : 0276 288 277

Use of the : Concrete coating
Substance/preparation

2. Hazards identification

Classification : Non hazardous
Risk phrases : None
Statement of hazardous : No serious effects anticipated under normal conditions of use.
/dangerous nature

3. Composition/information on ingredients

Mixture :
Other ingredients determined not to be hazardous according to NOHSC criteria and not dangerous according to the ADG Code make up the product concentration of 100%

There are no ingredients present which within the current knowledge of the supplier and in concentrations applicable are classified as hazardous to health or the environment and hence require reporting in this section.

4. First aid measures

Inhalation : Move exposed person to fresh air. Get medical attention if symptoms occur.
Ingestion : Get medical attention. Do not induce vomiting
Skin contact : Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occurs
Eye contact : Immediately flush eyes with plenty of water occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation continues.
Protection of first aiders : No action shall be taken involving any personal risk or without suitable training.
Notes to physician : No specific treatment. Treat symptomatically.

5. Fire fighting measures

Flash point	: Not available.
Method	: Not applicable.
Lower explosion limit	: Not available.
Upper explosion limit	: Not available.
Autoignition temperature	: Not available.
Extinguishing media	: This product is not expected to burn under normal conditions of use.
Hazardous combustion products	: Carbon monoxide and carbon dioxide can form. Smoke, fumes.
Protective equipment for	: Use accepted fire fighting techniques. Wear full firefighting protective firefighters clothing, including self-contained breathing apparatus (SCBA).
Fire and explosion conditions	: This product not expected to ignite under normal conditions of use.

6. Accidental release measures

Transfer to appropriate container for disposal. Stop flow. Contain spill. Keep out of water courses. Absorb spill in sand, earth or other suitable material. Transfer to appropriate container for disposal. Use appropriate protective equipment. Avoid contact with material.

7. Handling and storage

Handle in compliance with common hygienic practices. Clean hands thoroughly after handling. Keep from freezing. Do not use in confined or poorly ventilated areas. Prevent inhalation of vapor, ingestion, and contact with skin eyes and clothing. Keep container closed when not in use. Precautions also apply to emptied containers. Store in sealed containers in a dry, ventilated warehouse location above freezing.

8. Exposure controls/personal protection

Personal protection equipment

Respiratory protection	: Not required under normal conditions of use. Wear appropriate, AS/NZS 1715/1716 approved respirator with combination particulate filter and vapor/gas removing cartridge when the ventilation is not adequate or if it is necessary to abrade or grind surfaces coated with this product.
Hand protection	: Use suitable impervious rubber or vinyl gloves and protective apparel to reduce exposure.
Eye protection	: Wear appropriate eye protection. Wear chemical safety goggles and/or face shield to prevent eye contact. Do not wear contact lenses. Do not touch eyes with contaminated body parts or materials. Have eye washing facilities readily available.

Protective measures	: Other equipment not normally required. Use professional judgment in the selection, Care and use.
Engineering measures	: Not required under normal conditions of use. Use local exhaust when the general ventilation is inadequate.

9. Physical and chemical properties

Form	: Liquid
Color	: White
Odor	: Slight Acrylic
pH	: 8.2 – 9.2
Vapour pressure	: 24mm Hg.25°C - water
Vapor density	: Heavier than air
Melting point/range	: Not available.
Freezing point	: Not available.
Boiling point/range	: 100 °C
Water solubility	: Soluble
Specific Gravity	: 1.03 – 1.07
Flash point	: N/A for liquid

10. Stability and reactivity

Substances to avoid	: Strong acids.Strong bases.
Stability	: Stable
Hazardous polymerization	: Will not occur

11. Toxicological information

Potential acute health effects

Inhalation	: No known significant effects or critical hazards.
Ingestion	: No known significant effects or critical hazards.
Skin contact	: No known significant effects or critical hazards.
Eye contact	: No known significant effects or critical hazards.

12. Ecological information

No known significant effects or critical hazards.

13. Disposal considerations

Disposal Method	: Waste not regulated under RCRA. Dispose of in compliance with local regulations.
-----------------	--

14. Transport information

Not regulated

15. Regulatory information

No known regulations on this product or its components

16. Other information

For Industrial Use Only. Keep out of Reach of Children. The hazard information herein is offered solely for the consideration of the user, subject to their own investigation of compliance with applicable regulations, including the safe use of the product under every foreseeable condition.
