

Concrete Tool Importers Ltd

PRODUCT:

CTI Readymix Truckwash

Issue Date:

1/10/19

SAFETY DATA SHEET (SDS)

SECTION 1: INFORMATION

Product Name: CTI Etch
Product Code:

Recommended Uses: Vehicle wash and wax

Company Contact: Concrete Tool Importers Ltd
76a Oxford St
Richmond
Nelson 7020

Customer Service Toll Free Number:
0800 727 333
(Mon-Fri 7:30am-5:00pm)
sales@concretetools.co.nz
www.concretetools.co.nz

EMERGENCY TELEPHONE NUMBER
0800 POISON (0800 764 766)

New Zealand Fire Service - 111

SECTION 2: HAZARD IDENTIFICATION

This material is hazardous according to health criteria of ERMA New Zealand

Signal Word **WARNING**

Hazard classification:

6.1E Substance that are acutely toxic -May be harmful, aspiration hazard

6.3B Substances that are mildly irritating to the skin

6.4A Substances that are irritating to the eye

Prevention Precautionary Statement(s):

- P102** Keep out of reach of children
- P103** Read label before use
- P104** Read Safety Data Sheet before use
- P264** Wash hands and skin thoroughly after handling
- P280** Wear protective gloves and eye wear

Response Precautionary Statement(s):

- P101** If medical advice is needed, have product container or label at hand
- P305+P351** If in eyes, rinse cautiously with water for several minutes
- P312** Call Poison Centre or Doctor if you feel unwell
- P331+P313** If swallowed do not induce vomiting, get medical advice.
- P337** If eye irritation persists, seek medical attention
- P338** Remove contact lenses, if present and easy to do so. Continue rinsing

Storage Precautionary Statement(s)

No storage statements

Disposal Precautionary Statement(s)

- P501** Dispose of waste and containers responsibly following local and national regulations

Class:

Not Classified as Hazardous

SECTION 3: PHYSICAL COMPOSITION

The identity of this material is a trade secret (29 CFR 1910.1200(i)) and is available to any attending physician, paramedical personnel and/or spill response personnel in the case of an emergency. There are no additional ingredients present which, within the current knowledge of the manufacturer and in the concentrations applicable, classified as hazardous to the health or environment thus do not require reporting in this section.

SECTION 4: FIRST AID MEASURES

If poisoning occurs, contact a doctor or Poison Information Centre. 0800 764 766

First Aid measures: It is always recommended to consult a physician. Show this safety data sheet to the doctor in attendance.

Inhalation: Move person into fresh air. If not breathing, give artificial respiration. Consult with a medical physician

Skin contact: Remove any contaminated clothing first. Wash off with soap and plenty of water. If irritation occurs, consult a physician.

Ingestion: Never give anything by mouth to an unconscious person. Rinse mouth with water. If irritation occurs consult a physician.

Eye Contact: If wearing contacts, first remove. Flush eyes with water as a precaution. If irritation occurs consult a physician.

Work place facilities: Have eye wash facilities available

Required instructions: Remove any affected clothing and rinse affected area thoroughly with running water. Wash skin thoroughly with soap and water.

Notes for medical personnel: No data available.

SECTION 5: FIRE FIGHTING MEASURES

Type of Hazard: Product does not support combustion.

Fire Hazard properties: No special hazards arising from the substance or mixture

Extinguishing media & method: Use extinguishing agent for type of surrounding fire.

Recommended protective clothing: Wear self-contained breathing apparatus for fire-fighting if necessary

Fire Fighting Advice: No data available

SECTION 6: ACCIDENTAL RELEASE MEASURES

Spill Cleanup methods: Use personal protective equipment.
Avoid breathing any vapours or mist. Ensure adequate ventilation.
Move personnel to safe areas.
For personal protection see section 8

Minor spill: Soak up with inert absorbent material and dispose of in accordance with local and state disposal regulations. Keep in suitable closed containers for proper disposal.

Major spill: Soak up with inert absorbent material and dispose of in accordance with local and state disposal regulations. Keep in suitable closed containers for proper disposal. Protect any drains or waterways from any spillage.

SECTION 7 HANDLING & STORAGE

Handling: Avoid contact with skin and eyes. Avoid inhalation of vapour or mist.

Storage Site Requirements: Keep container tightly closed in a dry and well-ventilated place. Open containers must be carefully closed/resealed and kept upright to prevent leakage. Do not mix with strong oxidizing agents

Packaging:

5litre, 20litre Plastic Container and 210litre Drum

SECTION 8 EXPOSURE CONTROLS AND PERSONAL PROTECTION

Workplace Exposure Guidelines

Work place exposure standards Contains no substances with occupational exposure limit values.

Application in the work place Contains no substances with occupational exposure limit values.

Exposure Standards outside the workplace Contains no substances with occupational exposure limit values.

Engineering Controls

Hierarchy of controls Contains no substances with occupational exposure limit values.

Exposure control measures Contains no substances with occupational exposure limit values.

No Hazard indication Contains no substances with occupational exposure limit values.

Ventilation specification Contains no substances with occupational exposure limit values.

Personal Protective Equipment (PPE)

Detail specifications for equipment

Clothing:

Suitable workwear should be worn to protect personal clothing, e.g. cotton overalls buttoned at the neck and wrists. When large quantities are handled PVC plastic or rubber aprons and boots are recommended. Industrial clothing should conform to specifications detailed in AS/NZS 2919: Industrial Clothing

Hand Protection

Wear gloves of impervious material. Incidental contact/splash protection: PVC, Nitrile or neoprene rubber gloves. Final choice of appropriate gloves will vary according to individual circumstances, i.e. methods of handling or according to risk assessments undertaken.

Reference should be made to AS/NZS 2161.1 Occupational protective gloves – selection, use and maintenance.

Eye Protection:

Safety glasses with side shields, goggles or full face shields as appropriate are recommended. Final choice of appropriate eye/face protection will vary according to individual circumstances, i.e. methods of handling, engineering controls and according to the risk assessments undertaken. Eye protection should conform with AS/NZS1337 Eye protection for industrial applications.

Respiratory Protection:

While Respiratory protection is not required, where protection from nuisance levels are desired refer to AS/NZS1715 Selection, use and maintenance of Respiratory Protective Devices and AS/NZS1716, Respiratory Protective Devices.

General Hygiene:

It is essential that all who come in contact with this material maintain a high standard of personal hygiene, i.e. washing hands prior to eating, drinking, smoking or toilet facilities

SECTION 9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Clear Liquid
Odour:	Mild soapy
Melting Point:	$\leq -33^{\circ}\text{C}$
Boiling Point:	101°C
Vapour Pressure:	No data available
Solubility in water:	100%
Weight per cubic metre:	No data available
Flammability Class:	No data available
Extinguishing Media:	No data available
Specific Gravity:	1.10=
Freezing Point:	$\leq -33^{\circ}\text{C}$
Percent Volatile:	No data available
Evaporation Rate:	No data available
PH (% in water):	No data available
Flash Point:	No data available
Auto Ignition Temp:	No data available
Relative vapour Density:	No data available
Decomposition point:	No data available
Viscosity:	No data available
Electrostatic generation:	No data available
% volatile by volume:	No data available
Flammable Limits:	No data available
Explosion Hazard:	No data available
Molecular weight:	No data available

SECTION 10 STABILITY AND REACTIVITY

Stability of the substance	This material is considered to be non-reactive under normal use. Stable under recommended storage conditions
Conditions to avoid Material to avoid	No data available Strong oxidizing agents
Hazardous decomposition products	No data available
Hazardous polymerization	No data available

SECTION 11 TOXICOLOGICAL INFORMATION

Acute Effects

Ingestion: LD50 Oral – rat – 3340mg/kg

Eye contact: No data available

Inhalation: No data available

Long Term Effects:

Acute Toxicity/Chronic Toxicity No data available

Summarise data To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated by any agency, governmental or otherwise.

SECTION 12 ECOLOGICAL INFORMATION

Potential Environmental Interactions Does Not Bio-accumulate

Data organization PBT/vPvB assessment not available as chemical safety assessment not required

Environmental risk phrases No known significant effects or critical hazards

SECTION 13 DISPOSAL CONSIDERATIONS

Disposal information Offer surplus and non-recyclable solutions to a licensed disposal company. Product must be disposed of in accordance with the Hazardous Substances (Disposal) Regulations 2001. Do not dispose of in waterways, sewers, drains or the like. Product must be sufficiently diluted if

being disposed or via discharge into the environment so that the discharged product concentration no longer triggers any environmental hazards.

Container Disposal

Wash out containers with fresh water and recycle containers.

SECTION 14 TRANSPORT INFORMATION

Relevant information

Road & Rail	Not dangerous goods
Marine	Not dangerous goods
Air Transport	Not dangerous goods

SECTION 15 REGULATORY INFORMATION

Regulatory status	No known regulations on this product or its components. Not deemed as hazardous.
-------------------	---

SECTION 16 OTHER INFORMATION

Issue Date:	1/10/19
Review Date:	1/10/24

Note:

All information given by Concrete Tool Importers Ltd is offered in good faith and is, to the best of our knowledge, true and accurate. However, since conditions of use are beyond our control, all information relevant to usage is offered without warranty or guarantee and should not be construed as a representation that the product is suitable for any particular purpose or application.
